## Water Jet Branchpipe

SAFETY INDUSTRIES  
Pty Limited

### Using the WJ-65T Water Jet Branchpipe for 65mm Sentinel and 80mm Warden Monitors

The WJ-65T branchpipe includes our patented flow conditioning technology.  
The inlet thread is 65mm BSP. The maximum tip diameter is 28mm

Pressure kPa	Flow (lpm) for different Tip Sizes					
	12mm	16mm	19mm	22mm	25mm	28mm
300	165	294	415	556	718	901
350	179	318	448	601	776	973
400	191	340	479	642	829	1,040
450	203	360	508	681	879	1,103
500	214	380	535	718	927	1,163
550	224	398	562	753	972	1,220
600	234	416	587	786	1,015	1,274
650	244	433	610	818	1,057	1,326
700	253	449	634	849	1,097	1,376
750	262	465	656	879	1,135	1,424
800	270	480	677	908	1,173	1,471
850	278	495	698	936	1,209	1,516
900	287	509	718	963	1,244	1,560
950	294	523	738	990	1,278	1,603
1,000	302	537	757	1,015	1,311	1,644

Models:

Hard Anodised Aluminium -  
Branchpipe: WJ-65TA  
Nozzle Tips: TWJ-xxA  
Where xx is the tip diameter

Bronze (LG2) -  
Branchpipe: WJ-65TB  
Nozzle Tips: TWJ-xxB  
Where xx is the tip diameter
